We have 9 teams in the 'B' Flight.  
PLEASE READ THE FOLLOWING:

In the 'B' Flight, each team will have a

week that they will play against the bye. The handicaps for the first week will be (8) for the lower handicap golfers and (11) for the higher handicap golfers. The score cards will already be filled out with the correct scores in place on those playing the bye. Each team will play the bye twice. If you are playing against the bye and have a lower handicap than the bye, then you will give up the appropriate strokes starting on the hardest

handicap hole.

*Example: Ken & Denny have 7 & 9 handicaps. Ken will give one stroke on #1 handicap hole and Denny will give up 2 strokes on the two hardest holes on the 9 we are playing. If you have any questions, see any of the league officials.*
